

TSM-1

Inspection Set of Telescopic Mirrors with magnetic pick-up tool and integrated light source

The tool set will be delivered in a sturdy aluminium box. It consists of:

- handle with telescopic rod, incl. quick coupling and integrated light source
- three unbreakable acrylic mirrors in different sizes
- a magnifier
- two magnets

Typical applications:

- for the inspection of locations that are dark, or hard to reach
- for removing items from locations that are hard to reach, e.g. metal chips, screws, etc.
- as a positioning help for EFCO machines with high submerging depths

Subject to technical change.
